

## Global Compact Network Australia: 2020 Membership Benefits – Parent Organisations

On 1 January 2018, the UN Global Compact introduced a new financial contribution and participation structure. Business signatories to the UN Global Compact now choose between two tiers of engagement: [Signatory or Participant](#). The financial contribution is based on the tier chosen and the business' annual revenue.

- For businesses with an annual revenue over US\$50m ('Corporate') the financial contribution to join the UN Global Compact **includes** GCNA membership.
- For businesses with an annual review less than US\$50m ('SME') and non-business organisations there is a voluntary financial contribution to join the UN Global Compact. A financial contribution is, however, payable to join the GCNA.

The benefits of joining the Global Compact Network Australia in 2020 are set out below. There are separate benefits and fees for subsidiary companies.
